

CyberSmart Students

In grade 3, I will...

Have Fun in Safe Places

- ✓ Use keywords to help me search on the Internet.
- ✓ Ask my teacher if I can visit a website for information.
- ✓ If something “yucky” appears ~ I will turn off the screen and tell my Teacher.

Keep My Life in Balance

- ✓ Have fun online. But make sure to do other fun things with my friends.

Think Before I Write

- ✓ Be respectful online and write only polite comments.
- ✓ Never type my full name and address online, send a picture, or complete a form online without asking permission from my Teacher.

Keep it Secure

- ✓ Use a safe password with letters and numbers.
- ✓ Never share my passwords with friends.

Connect Safely

- ✓ Never send hurtful messages online.
- ✓ Remember that websites have rules against sending hurtful messages to others.
- ✓ Not respond if someone sends me a hurtful message online. I will ask my Teacher for help.
- ✓ Never click on an advertisement that is attached to a website I am visiting.
